October 30th, 1910

Principal Hutton,

University College,

Toronto.

Dear Principal Hutton:

This morning I was called by Robert Martin on account of a scrimmage in which two first year men, J. Markus and G. J. Thompson were badly handled by manof the second year in University College. When I saw these first year men their faces were blackened and they evidently had been handled rather severely. The names that I have of those in the second year who were engaged in this tussle are as follows:

F. N. Proctor

A. D. Purcell

N. Morrison

L. Stokes.

As it is a matter for your consideration I transmit the names to you.

Yours sincerely,

President.

PRINCIPAL'S OFFICE.

Dear President:

Ask Roberts to present facts & figures re Classical Studies in Ontario & to read a paper thereon: also ask Milner to prepare a more general paper on the general question of the utility of a classical education: & I will ask myself attempt a third paper on the same topic Milner & I can arrange to avoid overlapping

Yours
Maurice Hutton

I am glad you are bringing up Fletcher's leave of absence: I saw him yesterday & he declined to allow his wife to proceed with arrangements for going South until he had heard from you

January 4th, 1917

Principal Hutton,

University College.

Dear Principal Hutton:

Will you kindly take charge of this matter yourself? It seems to me that Robertson, Milner and you can make as strong a presentation of the classical side of education as we could send from the University. I have written to Professor Fox that I am putting the matter in your hands.

Yours sincerely,

President.
